

Deal Closure Announcement - Investment Banking team of KJMC Corporate Advisors (India) Limited advises Seclore Technology Private Limited (Seclore) for its fresh capital raise from private equity fund

It is our immense pleasure to announce a successful closure of a Private Equity (PE) syndication deal wherein KJMC's Investment Banking team advised **Seclore** for its private equity fund raise for its growth plans.

In its fresh round of funding, Seclore has successfully raised around \$12 million (including Bridge Round) from PE investors like India Alternatives Private Equity Fund, Sistema Asia Fund and existing investors including VC funds like Helion Venture Partners and Ventureast Proactive Fund. **KJMC syndicated the funds from renowned PE fund, India Alternatives Private Equity Fund for the said transaction.**

Speaking on the transaction, Mr. Girish Jain, Executive Director of KJMC Corporate Advisors (India) Ltd said, "It is a privilege to be associated with one of the fastest growing Indian technology companies with a global reach. Looking at the growing incidents of data theft in the corporate world, there is a pressing need for a data security solution such as Seclore's that is driving the global IRM market."

About Seclore Technology Private Limited

Incubated in IIT Bombay, Seclore is an Enterprise Digital Rights Management (EDRM) leader with a solution that enables organizations to control the usage of files wherever they go, both within and outside of organizations' boundaries. Featuring dozens of pre-built connectors for leading enterprise applications (EFSS, DLP, ECM, ERP, and email), Seclore automates the protection of documents as they are downloaded, discovered and shared to accelerate adoption. Seclore was recently recognized by Frost & Sullivan with a Growth Excellence award, by Deloitte as one of the '50 Fastest Growing Technology Companies', and by Gartner as a 'Cool Vendor'. With over 4 million users across 400 companies from insurance, financial services, legal, telecom, and manufacturing industries in 29 countries, Seclore is helping organizations achieve their data security, governance, and compliance objectives.
